**ACCOUNTABLE,  
TRACKABLE, MANAGEABLE**

## ABOUT RECOM

A system built to manage all information about what assets we have. With our System, you can get any information from an asset such as how many assets you have, who uses the asset, how the asset is, etc. the owner can obtain information that can be used for reference before making a decision to add or remove assets.

### ACCOUNTABLE

Helps to find out the initial price, depreciation, residual value of an item

### TRACKABLE

Always keep track of your assets by using barcode, QR and RFID

### MANAGEABLE

Maintain your assets quickly and easily
